Hi Sarah:

I just spoke with LAPD and they liked Jacob's idea about having a one-yard bin available for this use. Their requests would not be enough work to have an entire CARE team assigned to assist them. It's also hard to schedule such jobs since it will be based on their observations in the field. The SLO's has been reacting in the moment to these requests and scheduling them would only delay the job.

If we can work on a one-three hard bin, that would be great. Thank you.

Best,

Gaby

Sarah,

Thank you very much. Can we double check the stations current 1 yard bin service and maybe additional capacity for another 1 or 2 bins?

Hi Ashley,

LASAN has the capacity to handle the illegal dumping in Watts and we would be happy to service the locations that are of priority to LAPD. They can work with me and send me the locations and /or we can meet them at the locations that are of concern. We would appreciate a collaboration where we are able to do our jobs while supporting them in theirs. If they would like us to expand our illegal dumping investigations in the division we are also open to working together on that. LAPD can have their point person contact me via email or on my cell 310-926-4844.

Thanks,

Sarah
